

Elizabeth "Beth" Ann Johnson

December 17, 1949 - March 18, 2024

On the morning of March 18, 2024, Elizabeth Ann Johnson left to go play tambourine with the angels.

Elizabeth left behind beloved plants, pets, friends, and family; arguably the first three are the same as the last. She had a passion for nursing, a fun-loving spirit, and a wonderful sense of humor. She was the life of the party. She enjoyed being outside in nature and spending time with her loved ones. Her friends called her Dirty Gerty-if you knew her then you would know why. She loved greatly and she was greatly loved.

From all those who were blessed to experience any part of their life experience with her, words cannot express how much she will be missed!
