“ So many memories I think all his sisters and his brother and there children will never forget.

George had just returned from his Air Force duty in French Monaco and told all the family he had learned to speak French while there that he could say cut the grass in French

Then his Mother our granny ask him to say something and he said mowzelawn at which everyone laughed but she said well George I think that's real good

Who could ever forget that

Just like all the Grove's children a great since of wit.

Uncle George Rest In Peace awaiting the Resurrection
