Sorry to hear about Joe's passing. He was one of the "older boys" that my brothers and I looked up to at the Boys Club back in the day. He always had a good word and a smiling face for everyone. He was a great guy all the way around. He will certainly be missed, but always remembered. Your family is in our thoughts and prayers at this difficult time.

I grew up calling him JP. He was some 8 years older than me so I considered him one of the "Big Guys" at the Boys Club where I got to know him and brothers Mike and Andy. He always seemed to be an easy going straight shooter whom I had no problem looking up to. It is sad to think that such a link to my past can now only be maintained in memories. One thing for sure though, is when I recall memories of JP and the OLD days it ALWAYS puts a smile on my face. Peace be with all.
