“ Dad where do I even start words can't express the hurt I feel since you passed away and I miss you so much I can't hardly bare it, the day you left was the worst day of my entire life I love you so much and wish I would've had more time with you on earth apart of me died when you did . You was a amazing person on the inside and out and I will truly miss you I know you wouldn't want me to be sad but that's easier said than done because you had a great impact on my life, you were the toughest man I've ever met and the most stubborn you had a big heart and when loved you loved hard . I'd pick you to be my dad in any lifetime you were awesome. I can't believe that your really gone that shit cut deep just the thought of it is enough to drive me insane I hate this but I will forever cherish our memories and forever hold them in my broken heart 💔 hope your having fun up there in heaven I love you dad forever and always love your baby girl

“ *There are no words to describe the loss I feel. I have seen many pass, but this one hits different.
This man knew things that no one else on earth knew, now that's gone.
Curly was a brother, he was genuine to the core.
I will be forever grateful to have called him my friend. Honored he was a brother..
Love you Brew. Til we do it again.*

“ e known Curly a long time. The one thing that stands out to me was the way he interacted with the rec baseball teams he coached. As a single mom, I appreciated so much how much he poured into the boys!

“ I broken...I miss you so much already. You should and would have been right here beside me. Where ever that may have been. I'll see you on the other side. 🙏💔😭 If you have any control from up there, please control your family. I would love to make it through your service without any conflict and get them out of my life. YOU know. I love you and not sure how to carry on without you. 😊🤔😘
