“ Louise adopted Griffon, her beloved chihuahua, from ARF several years ago. She loved him fiercely and he gave her many hours of love and devotion. When she fell ill, she contacted me for help with him because she was unable to care for him. He was utmost on her mind. She was a wonderful lady, full of love for animals. She made sure he was cared for before herself. I enjoyed talking to her on several occasions. I will miss her! She was a wonderful lady!
