Grandma, I love and miss you every day. Symphonie asks to come see you, she says it's a long drive to heaven. Otherwise a day that passes that I don't think about you. I see your face in my dreams and I hear your voice in my thought. You fought so hard. One day gorgeous we will see your face and hug your neck again. I hope the angles realize what they Have. I love you!

PS

Hi Mom, This is your daughter again and it's been to long since you left us but as you know now John Wayne has came home and joined you 09/04/21, Elenia has went home and joined you in 2022 and now as you know your baby daughter Tina has came home just 4 days ago and as you all can see we are not handling these deaths very well and Mom you know when things got this tough I came to you and there was always something I could take from our talk that would work for me in my situation and make it better, well let's talk Mom. We need some understanding, comfort, advice, strength, and most of all love to get us through this. Tina made a comment before she left Mama and she said " Just Love me through it" and that's what we tried to do but now she's with you and we need you up there to"Love us through it" We Love and miss you and Dad, John, Elenia, Tina and all the rest. We will all be there to rejoice when God calls us home but for now, somehow "Love us through it" Love always and forever Pam

PS

Hi Mom, it's me again Margaret!!! Remember that? We joked about that pretty often. I'm still trying to ease the pain of losing you, Mom it's hard, everytime something goes wrong I think of you to help me fix it, everything goes right I think of you because I'm excited and want to spread my good news. No matter how big or small, telling you my news was exactly what I needed (everytime). I didn't tell you the last time I wrote you but I have another granddaughter. Hooray!! Her name is Rylee, Jessica rhymed all the names of the kids. I Love talking to you and I miss it more and more everyday instead of it getting easier, I want it more, I know I will see you one day and you better get your ears ready because I'm going to talk it off. Tell Dad and John Wayne and Tina + everyone else we all Love and miss them Dearly. Love Pam
