

Robert Perry

July 21, 1962 - November 24, 2020

Robert Alvin Perry, 58, of Bartlesville, died Tuesday, November 24, at his home in Bartlesville surrounded by family.

Robert was born to Marvin Robert and Elsie May (Catlett) Perry on July 21, 1962, in Wheat Ridge, CO. He was raised throughout northeast Oklahoma and graduated with the Cushing High School Class of 1979. Robert was the oldest of 8 children and was especially close to his siblings and was regarded as the best big brother, son, Father and Papa anyone could ask for.

Robert graduated from Oklahoma State University Technical in Okmulgee in 1981. He moved to Bartlesville where he started his career with Applied Automation as an Electronic Technician and worked there until 1994 on the run-out line and doing start-ups domestically and abroad. For a short while, he loved working as a Field Technician for the Sutton Avian Research Center out on the scenic Tallgrass Prairie looking for nesting birds. He also took work at Bartlesville Cycle Sports assembling new Harleys out of the box. In 1997, Robert joined Reda Pump (Schlumberger) and traveled the world. He was always grateful to be back on American soil and to be back home in Oklahoma. In 2005, he joined ABB where he remained employed through his brief illness as a Project Manager Coordinator. Robert was respected by his coworkers and was known as “the guy they went to when they couldn’t figure something out”.

In 1986, through a friend of his mother's, Robert was introduced to Denise Batterton. They quickly realized they were each other's best friend and life partners. Denise moved to Bartlesville where they made their home. They made it official on June 24, 1989, uniting in marriage at Woolaroc. They enjoyed 34 years together, raising two children Robert and Lindsay.

Robert's passion in life was his family, not only his own children, but mother, brothers and sisters, nieces and nephews. He always made sure everyone was taken care of. When the kids were growing up, they took family vacations and memorable camping trips over fall and spring breaks. Together, Robert and Denise enjoyed listening to music, going to concerts and watching college basketball, especially the OSU Cowboys. But in recent years, he was Papa to his three beautiful grandchildren Vera, Zoey and Levi. Although Robert was called home to his Heavenly Father way too soon, his memory will live on in the hearts of those that loved and cherished him.

Robert is survived by his wife, Denise (Batterton) Perry, mother Elsie May (Catlett) Bailey of Stillwater, son Robert Riley Perry of Dewey, daughter Lindsay Ray Perry of Bartlesville, sister Leona Chancellor of Stillwater, brother Marvin Perry of Stillwater, brother Anthony Perry of Stillwater, sister Stacie Thompson of Mooresville, IN, brother Donny Bailey of Sapulpa, sister Raylene (Mrs. Travis) Rainer of Copan, sister April Bailey of Bartlesville, grandchildren Vera, Zoey and Levi of Bartlesville, and many beloved cousins, nephews and nieces. He is preceded in death by his father, Marvin Robert Perry.

Robert's family request that everyone adhere to social distancing and wear a mask for safety in all gatherings mentioned below. They thank everyone in advance for cooperating and looking out for each other.

“ *Robert and I worked together at Schlumberger. I called him at the hospital, and we talked about the fun times at work that we had.*

For a person that doesn't pray as much as I should, I found myself praying for him every night. He was one of the finest and very kindest person that I knew. I am very sad for Denise and the family and you are all in my prayers.

“ *How can you truly give tribute to such a great mind! Robert showed me kindness at a time of sorrow. He taught me new and exciting ways to perfect my craft and trouble shoot all areas of my products in the NGC field. Despite his vast knowledge, Robert treated me and everyone around him with curtesy and respect. Love you my friend! Our world is going to feel the loss of your presence forever!*

“ A few years ago my brother, Robert, came to visit. He had come down with his daughter, Lindsay, who had to left earlier than he was ready to go so I drove him home. I had recently burned a CD with some music I enjoyed on it and was playing it during the trip. He was so convinced that I had burned the CD specifically for him. The only thing missing he said was at the end. I had ended it with "Dirty Paws" by Of Monsters and Men. He recognized the song and told me he really liked their song titled "King and Lionheart".

He kept going on about how he couldn't believe I didn't burn the CD to play for him. I told him I hadn't and that he shouldn't be surprised he likes a CD I burned since we're brothers, we grew up together, and he had made an impression on me with music over the years.

When I returned home I burned him a copy of the CD and added "King and Lionheart" by Of Monsters and Men and then mailed it to him. I titled it "Bob's Ride Home".

Here's a Youtube playlist of the songs included on that CD.

“ Robert Perry was a longtime friend and co-worker, and one of the smartest, helpful people I ever had the pleasure of working with. No matter how busy he was, and as an invaluable team member he was extremely busy, he always took the time to help everyone who needed his support. Sales, Production, Engineering and every other department all relied on his advice, input and remarkable ability to provide answers and support. Moreover, Robert was Good People. Always with a quick grin and understanding demeanor, you knew from the moment you asked for assistance he would be there to help. Robert will be missed. As a co-worker and invaluable resource, obviously, but mostly as a best friend. Missing you already, cuz. See you on the other side.

I don't think anyone could have said it any better than that. And we are in unanimous agreement about his character, just a very kind and helpful person.

Robert was a long time friend that I worked with off and on for many years. His chromatograph, software and hardware knowledge was incredible. The go to guy for application and troubleshooting advice. His kind demeanor and genuine friendship will be deeply missed.
