“ *My Dad was an amazing man with a huge heart. Huge animal lover which I definitely got that from him. I also got his green thumb he taught me many things about gardening. Always there to help anyone in need strangers included. When my grandma died when I was 16 I went thru some awful panick attacks and anxiety and I remember he tried to help teach me how to deal with it. Didn't matter what time of night it was even midnight he would drive me to track and walk with me to calm me down. I will forever be grateful for things he taught me in life. I find peace knowing he is on his next journey and waiting for me there. Forever in my heart and forever a Daddy's girl.....Carla*

“ For years you and Kathy were some wonderful neighbors! I remember you always taking tarantulas that I found and putting them in your garden. I remember the time I pulled out of my carport and some kittens I had were on the tire of the car and I ran over one and was so upset and you came over with your gun to see if I needed you to put it out of its misery. You were both always so pleasant and I knew I could call on you when needed and you'd always have a smile on your face. God bless Kathy and your daughter and grandkids and all other loved ones as they go through this difficult time. But there will always be sweet memories for them to have in their hearts
