“ *Uncle Bill was as good of an uncle that an ornery nephew could have asked for. He was never scared to speak his mind and was a very honest man. He will be greatly missed by many people. To my cousins and my aunt just know I'm here if you need me and you all are in my prayers and thought. Love all of you all dearly.*

“ *I worked with Bill for many years at the hospital and several side jobs. He took a kid and taught me almost everything I know about carpentry and cabinetry and what was right and what was wrong.He was a man of his word. When he said he would do something, you could bank on it. His legacy is in his family, and the many people he touched through the years. Thank you for your service. Love you . Rest easy, my friend you have earned it.*

I've known Bill since 1960, went to school together, also learned we were distantly related.

He was so much fun to be around, little on the onery side and yet could be very intent when on the job.

I also knew Sandy as we were all going to Dewey High School. He stole her heart and they have had a great life together raising their children and 😊 grandchildren. There is a lot of memories though we wouldn't see each other for years, but could always just pick up where we left off.

Bill will be missed by his family and friends, but they have an awful lot of memories to share till they meet again. Bless each of you. I love you
